CENTRAL CONNECTICUT STATE UNIVERSITY
SUCCESS BEGINS WITH CCSU

www.ccsu.edu/facebook
CENTRAL CONNECTICUT STATE UNIVERSITY IS...

- One of the “Best Northeastern Colleges” — Princeton Review
- One of “America’s Best Value Colleges” — Princeton Review
- One of the “Great Colleges for the Real World” — Octameron Associates
- One of only “322 Green Colleges” recognized for sustainability — Princeton Review
- One of the Highest Return on Investment Colleges in Connecticut — Affordable Colleges Online
- One of the Top Colleges in Connecticut with the Best Student-Teacher Ratios — College Database
- Affordable — Low-cost tuition plus financial aid helps you finance your education. But don’t just take our word for it: Affordable Colleges Online ranked CCSU among the top “60 low-cost colleges with graduates who earn high starting salaries”
- Convenient — 5,100 student parking places. Easy access off Route 9.

To learn more about CCSU and to apply online, check out our Website: www.ccsu.edu. Be sure to check us out on Facebook: www.ccsu.edu/facebook.

Central Connecticut State University strives to offer a campus welcoming to all. CCSU is an AA/EQ institution and is committed to a policy of non-discrimination and equal opportunity for all persons regardless of race, color, religion, sex, age, national origin, marital or veteran status, sexual orientation, or disability. This policy is applicable to all employment practices, admission of students, programs, and services to students, faculty, staff and the community.
Our professors are committed to helping you make the most of your education. They will challenge you AND help you. They take pride in making themselves available outside the classroom for one-on-one education, advice, and guidance. As one student recently said, “There are great professors at CCSU who are willing to help out every step of the way.”

Our professors are dedicated scholars, but they consider teaching their first calling. They are experts in their fields, and they know how to make learning exciting and rewarding.

Our low 16-to-1 student-to-faculty ratio keeps most classes small: nearly half have 20 or fewer students. This ensures that your professors get to know you as an individual. And our classes are always taught by professors, not teaching assistants.

“My experience at CCSU has taught me that there are really no limits to what you can do.”
Mary Denely, Class of 2014

SUCCESS BEGINS WITH CCSU!

Our commitment to your success begins with providing you the tools and the support to complete your degree, and to do so in four years. Whether you choose to “finish in 4” or decide to take longer, we’re here to help!

• The Center for Advising and Career Exploration (CACE) will help you select the right courses from the beginning and develop an academic plan to match your interests and passion.

• Academic Maps will show you how you can complete your degree in 8 semesters.

• The Early Academic Alert System will notify you when you need to focus on improving your course work.

• An Academic Success Coach in The Learning Center will be your partner, cheerleader, and personal guide for achieving academic goals and thriving in college.

• Our student clubs and organizations will provide 125+ opportunities for you to engage with the campus and be much more likely to not only complete your degree on time but also to learn more and have fun doing it!

• Our First-Year Housing and our Living-Learning Communities are designed to help you focus on education and learn from other students who share your interests.

SUCCESS BEGINS WITH CCSU!

“FINISH IN 4” WE’LL SHOW YOU HOW & HELP YOU DO IT

For more information: www.ccsu.edu/4
Working with our world-renowned professors, you’ll learn how to:

- think critically and creatively
- analyze information and grasp rapidly changing technology
- communicate more effectively
- be comfortable in diverse cultural settings.

Here’s what some recent Ammon Arts & Sciences students have done—

- Unearth historically important artifacts about Connecticut’s “Black Governors” in an Anthropology course
- Give choral concerts in China, France, Germany, Hungary, Japan, Puerto Rico, and Spain as part of the University Singers
- Create an award-winning video in a Communication course
- Intern at ESPN and be a part of “The Worldwide Leader in Sports”!
- Write, edit, and publish a magazine of short stories, art, poetry, and essays
- Present psychological science research at a prestigious national professional psychology conference
- Win the Villanova University College Jazz Band Festival! The CCSU Jazz Ensemble has placed in the top 3 five times since 2001. Care to guess some of the colleges they’ve beaten? Hint: CCSU rules Connecticut!
EDUCATIONAL EXCELLENCE
Recent graduates of the Ammon School of Arts & Sciences have begun graduate study at some of the finest graduate and professional schools in the nation, including Duke, Yale, Tufts, the University of Chicago. Other graduates began rewarding careers at some of the best companies in the region:

Aetna
American Airlines
American Express
Financial Advisors Inc.

SCHOOL OF BUSINESS

Whether you want to become the CEO of a Fortune 500 corporation or an entrepreneur launching successful start-up after successful start-up, the School of Business will prepare you for the rapidly changing world of business. Our professors excel at using real-world examples to bring even the most complex business theories to life. You’ll tackle actual business problems through case studies, role-playing, workshops, student-faculty research projects, and off-campus business internships.

CCSU recently became only the second public university in Connecticut to receive accreditation by the prestigious Association to Advance Collegiate Schools of Business (AACSB). Located in the Robert A. Vance Academic Center, the School features the Financial Technology Center and other high-end finance and business technologies. Successful business leaders come to campus and speak as guest lecturers, offering you their perspectives on how to succeed. And thanks to a special relationship with Travelers insurance, students get special one-on-one career advice.

CCSU’s broad-based business program, combined with our General Education component, ensures that your business studies build on a solid foundation. Business courses will teach you about the working world; “Gen Ed” courses will teach you about life.

Central students “are extremely bright, and my speaking with them is motivational for them. They are our future.”
John Lundgren, president and CEO, Stanley Black & Decker

COOL STUFF YOU CAN DO IN THE SCHOOL OF BUSINESS

- Win Elevator Pitch Contests against students from other colleges like, um, well, you know who!
- Receive a scholarship by winning the School’s Business Stock Trading Competition
- Meet with Travelers insurance representatives to discuss career preparation at the School’s Travelers Office Hours
- Create a marketing program for the CT Department of Transportation’s CTfastrak project
- Tour New York and Boston financial centers and businesses and attend events such as New York Entrepreneurship Week
OUTSTANDING ROI — WHERE BUSINESS GRADUATES START THEIR CAREERS

Graduating Business School students discover that their education provides an outstanding Return On Investment. Why? Take a look at just some of the places they begin their careers.

MAKING A DIFFERENCE
CCSU has been providing Connecticut with teaching professionals for over 150 years. We have been accredited by the National Council for the Accreditation of Teacher Education (NCATE) longer than any institution in the state. And our graduates are among the most highly regarded in New England: recently, some 50 CCSU-prepared educators were honored with local, state, and national awards as teachers, principals, or superintendents of the year.

The School of Education will prepare you to teach in today’s increasingly complex classrooms. Our network of Professional Development Schools—which connect our students with area schools—ensures that our students receive carefully directed, hands-on teaching experiences. And they become teachers confident of their success.

PROFESSIONAL STUDIES
Want to become a professional trainer in the NFL or WNBA? Run your own fitness center or lead a corporate one? CCSU offers non-certification (BS) programs in two of the hottest professional fields: athletic training and exercise science & health promotion. Our graduates are highly successful as trainers in a wide range of settings—from high school to the NFL!

We also offer the most innovative approach to nursing, through either an RN/BSN program for Registered Nurses wishing to pursue a baccalaureate, or a 4-year, standard BSN program.

“CCSU gave me all the tools I needed for a successful career in the NFL. I owe so much of my success in all aspects of my life to CCSU!”
Mike Ryan ’85, Head Athletic Trainer/Physical Therapist
NFL Jacksonville Jaguars

“We are working in the schools with our students, watching them teach, supervising them. Student teachers get instant feedback about what went right and what needs work.”
Associate Professor of Teacher Education Barbara Clark

SCHOOL OF EDUCATION & PROFESSIONAL STUDIES

For more information: www.ccsu.edu/education
Michael Foran, ‘86, MS ‘90, 6th Year Certificate ‘92; principal New Britain High School; 2012 MetLife/ NASSP National High School Principal.

In the five years that he has been principal of New Britain High School, Foran has instituted a health sciences academy, reduced the drop-out rate, raised student test scores, added Advanced Placement classes, and much more.

HIS CENTRAL EXPERIENCE
“Central was a comfortable place for me. My teachers had tremendous experience and that was helpful.”

Jessica (Maringola) Bruenn ‘99, fifth-grade teacher, Strong Elementary School; 2011-12 Southington Teacher of the Year

Bruenn is an advocate for her students — preparing them not only academically but also for other challenges in their lives.

HER CENTRAL EXPERIENCE
“My teachers were so motivated. They made me want my lessons to be smooth and well-prepared.”

John E. Girard, Jr. ‘98, MS ‘06, science teacher, Plainville High School; Plainville 2010-11 Teacher of the Year

“Teaching is my passion. I love coming to school. I come in early and I stay late.” The reward is to watch his students, many of whom are considering careers in science or medicine, prepare for their futures.

HIS CENTRAL EXPERIENCE
“The biology department at Central was fantastic. We were learning about cutting-edge DNA fingerprinting 12 years ago. Those biology labs prepared me to teach my own students.”
The School of Engineering, Science, and Technology will prepare you to enter one of the most exciting new professional fields and to become a leader in the high-demand STEM disciplines. The workplace of the future will be highly dependent on professionals who can expertly combine their knowledge and experience in science, technology, engineering, and mathematics. The School is one of only two public institutions in Connecticut offering undergraduate engineering programs and is focused on experiential learning and team work. Our excellent professors will help you establish a solid foundation in basic science and math and then challenge you with exciting hands-on projects that will enable you to work with diverse teams to solve real-world problems in a wide range of disciplines—engineering, computer science, manufacturing, mathematics, technology, construction, life sciences, graphics, physics, and earth sciences.

Our programs adhere to the highest standards and are nationally accredited by ABET, ACCE, ATMAE, CAC, and NCATE.

Using their skills in engineering, science, management, technology, and design, SES&T students have recently —

• Designed and built a supermileage competition vehicle that won the Best Newcomer award
• Combined their knowledge as computer science majors with the managerial expertise of School of Business students to win The Hartford Technical Case Competition.
• Experimented with bio-fuels for use as advanced rocket fuels on a student-faculty designed and built hybrid propellant rocket engine
• Designed and manufactured critical components to enhance data accuracy for CCSU’s new 30 ft. wind tunnel in the new Anthony & Helen G. Bichum Engineering Lab
• Created apps and GPS-based solutions while advising the Connecticut Department of Transportation on the state’s new CTfastrak busway program
• Published two peer-reviewed articles as co-authors with a biomolecular sciences professor

For more information: www.ccsu.edu/engineering

COOL STUFF YOU CAN DO IN THE SCHOOL OF ENGINEERING, SCIENCE & TECHNOLOGY

“I had a computer engineering internship last summer, where I worked on a group project, on servers, and with hedge fund companies. The company called me recently, and they want me to come back and work for them. CCSU has really opened opportunities for me.”

Luckner Noel, Class of 2012, Computer Engineering & Technology

“We surveyed the site and then we had first-hand experience in designing the roadway and the bridge, which included determining the loads the bridge must carry and the sizing of the structure to support the loads.”

Senior Gregory Funk, on his Civil Engineering class’s design project on CT Rt. 7

If you’re a student at one of the ConnSCU institutions, it’s good to know that CCSU participates in the College of Technology Pathway Program, which will provide you with a direct route to CCSU without loss of credit or repeated courses.
"The BMS program at CCSU has given me a solid foundation and essential tools to allow me to further my education at a school of pharmacy.”
Scott Jagora, Class of 2011, Biomolecular Sciences

WHERE SCHOOL OF ENGINEERING & TECHNOLOGY GRADUATES GO TO WORK
Our graduates work as programmers, software engineers, graphic designers, web developers, civil engineers, construction-project managers, estimators, educators, manufacturing and mechanical engineers, tool and product designers, production planners, and supervisors. They work in virtually every engineering and technology field. And they have remarkable success in finding career-starting jobs. Placement rates often approach 100 percent! Here are just a few of the many fine corporations where recent graduates began their careers.

**SPECIAL PROGRAMS**

**Honors Program**

One of the many reasons many of Connecticut’s top students have been enrolling at CCSU is our innovative Honors Program. Qualified students experience the extraordinary experience offered by the Program’s team-taught courses on the three areas of study (Western Culture, Science & Society, and World Cultures). Honors students also take part in a variety of activities, including special concerts, performances, lectures, and field trips, and are eligible for half- and full-merit scholarships.

“The Honors classes are great! I took a course about zombies, a course about pseudoscience, an Asian politics course, and a Greek and Roman literature course. There is prestige about the program that makes you excited to be a part of it!”

*Ian Mangione, Class of 2013*

**Pre-Health & Pre-Law**

Interested in health care or the law? You can work with the Pre-Health Professional Advisory Committee to prepare for careers in medicine, dentistry, veterinary medicine, optometry, and related fields in the health sciences to develop an academic program that will help you get into the appropriate school.

Information: www.ccsu.edu/prehealth

If you’re interested in going to law school, you can work with one of our team of pre-law advisors to develop an academic plan to take you to the front door of some of best law schools in the nation.

Information: www.ccsu.edu/prelaw
Where will you go and what will you do when you graduate from CCSU? Here’s what a few of our graduates have done. Let their success inspire yours!

**Carol A. Ammon ’73**, founder and CEO, Endo Pharmaceuticals, $4 billion company; noted educational and healthcare philanthropist

**Carmen Espinosa ’71**, Connecticut’s first Latina State Supreme Court Justice

**Phil Barnett ’97 & Will Quijano ’97** had a great idea as enterprising students at CCSU and they turned it into the award-winning Hartford Restaurant Group, a franchise of nine family-friendly restaurants

**Tamika Knight ’00**, 5th-grade teacher in the Annie Fisher STEM Magnet School, she was named the 2012 Milken Educator Award winner, one of the most prestigious teaching awards in the nation

**Kate Callahan ’13**, indie singer/songwriter who has released two CDs and performs throughout the northeast

**Kenneth R. Champion ’79**, Program Director & Deputy to Executive Director of United Nations $2.1 billion renovation. Other projects include renovations of Ellis Island, the Statue of Liberty, and Rockefeller Center

**Mike Ryan ’85**, Head Athletic Trainer/Physical Therapist, NFL, Jacksonville Jaguars

**John A. Kelmelis ’76**, Professor of International Affairs, Pennsylvania State University

**Scott Pioli ’88**, Super Bowl Champion, Leading NFL Executive, & NBC Football Commentator

**Dr. Jannette L. Carey ’77**, Professor of Chemistry, Biophysics & Structural Biology, Princeton University

**Bill Berloni ’89**, Tony Award Winning Animal Trainer

**Troy McMullen ’89**, Journalist, ABC News

**Bianca Shinn ’03**, Counselor, Permanent Mission of Haiti to the United Nations

**Judy Willis ’71**, Senior VP Business Affairs, Mattel Corporation. She led the negotiations in the licensing agreement for the Harry Potter franchise and WWE

**Mike Bissonette ’01**, co-star in web series, “The Cutting Room,” and video editor for Ron Howard documentary, “Unsung Heroes”

**Erin Brady ’10**, Miss USA 2013
STUDY ABROAD

CCSU offers students a rich international curriculum, an extensive array of study-abroad opportunities, and a wide range of internationally focused educational programs. Through the Center for International Education you can choose from a variety of study-abroad programs ranging from living and studying overseas for an entire academic year to a short-term course abroad program.

Programs are offered in China, France, Ghana, Italy, Jamaica, Japan, Poland, Sweden, and the United Kingdom, among many others destinations. The Center provides students who wish to study abroad with a lot of help—advising on program selection, providing pre-departure cultural and academic orientation programs, and helping with credit transfer. Short-term study-abroad programs have explored rainforests in Costa Rica, the Great Wall in China, wildlife preserves in Africa, and many other intriguing places.

TOP RATED

According to the Institute of International Education, our Study Abroad program ranks 23rd in the nation for the number of students studying abroad. Our shorter Course Abroad program ranks 11th in the nation.
STUDY HERE

CCSU is a great place for learning. It’s also a great place to have fun and hang with your new friends. The best way to see what we mean is to take a campus tour, but here are some things we think make CCSU exceptional.

SSH & RVAC. The Social Sciences Hall and the Robert Vance Academic Center are architectural marvels and our most modern academic buildings.

*Welte Hall.* One of Connecticut’s largest auditoriums, Welte is a state-of-the-art performance venue for music and dance and spellbinding lectures. For plays and art galleries, check out *Maloney Hall* and the *Samuel S. T. Chen Art Center.*

Interested in fitness and a hard workout? *Kaiser Hall* features a swimming pool, Nautilus, and free-weight training equipment; plus, there’s a 3,000-seat gymnasium where you can catch Blue Devil Basketball or play intramurals with *ReCentral.* The *Kaiser Annex,* or “Bubble,” has five tennis courts, a three-lane track, and two full-length basketball courts. *Arute Field* is where you can catch Div I football, plus nearby are a new soccer field, outdoor track, and state-of-the-game baseball and softball fields.

*Student Technology Center* is outfitted with the latest PCs, Macs, printers, scanners, and online capabilities. One of the most popular places on campus, it is open seven days a week.

The *Elihu Burritt Library* has more than 750,000 books and provides full access to online references and to catalogs of the other libraries in the ConnSCU System.

*The Student Center* is the place for food, friends, books, quiet spaces, and much more. It houses the University Bookstore, the Devil’s Den Food Court, the Breakers Game Room, Alumni Hall, and many other rooms and meeting areas. There’s also *The Devil’s Den@10,* featuring student-directed live entertainment.
CENTER FOR ADVISING & CAREER EXPLORATION

We help you start your college education —
Our Center for Advising & Career Exploration (CACE), located in Willard Hall, guides first-year students through registration. Advisement professionals will help you develop an academic plan and show you how to reach your goals.

We help you launch your career —
One of the reasons CCSU has been honored as a Great College for the Real World is the University’s commitment to develop career opportunities. When you’re ready to make the transition from college to a career, you’ll discover that CCSU has prepared you well.

The Center for Advising & Career Exploration offers individualized career counseling; workshops in resume writing, interviewing, and job-search strategies; an extensive online library of employer information; computerized job posting of part-time and full-time jobs and internships.

Recruiters from major corporations, government agencies, and school systems visit the campus on a regular basis to answer your questions and to help you take steps toward that all-important first job after college. The Center for Advising & Career Exploration also sponsors several career fairs each year.

As part of your career development, you will be encouraged to take advantage of experiential learning opportunities such as internships, Cooperative Education, service learning, study abroad, and participation in on-campus clubs and activities. CACE staff help students find and secure these valuable opportunities so that they can apply what they are learning in the classroom in a real-world situation, acquire marketable skills, gain career-starting work experience, and learn about potential employers.

For more information: www.ccsu.edu/cace
CCSU offers many support services to help you make the most of college, fostering your academic and personal growth.

The First-Year Experience (FYE) Program extends freshman orientation into your regular academic courses, easing the transition to collegiate academic life and allowing you to explore potential majors before you declare.

Transfer Tuesdays provide an opportunity for new transfer students to learn more about CCSU, to make friends, share information, and find the support they need to easily become a part of the Blue Devil community. See www.ccsu.edu/transfer

The Learning Center is here to help you learn how to learn in college. Academic coaches will individually guide you on specific skills to ensure your academic success! Tutoring is also available in The Learning Center. Through Student Disability Services, The Learning Center arranges reasonable accommodations and auxiliary aids that will assist students with disabilities pursue their studies.

The Writing Center’s workshops improve writing and enhance skills in research paper presentation and taking essay exams.

Student Wellness Services supports students’ physical health, mental health, and overall wellness. We provide free and confidential medical and mental health services to students and provide wellness education and outreach programs to the entire CCSU community.

Our Office of Veterans Affairs assists eligible students in obtaining tuition waivers from the Veterans Administration.

CCSU recognizes the importance of spirituality in many students’ lives and offers an active Campus Ministry, which enables students to meet with Catholic, Islamic, Jewish, and Protestant clergy. CCSU also recognizes student religious and cultural groups, including Hillel Jewish Student Organization, Christian Students at Central, the Muslim Student Association, and the Newman Club.

The Ruthe Boyea Women's Center offers a variety of services for and about women, including peer education, support groups, crisis intervention, and educational and cultural programs.

For more information: www.ccsu.edu/centers
CAMPUS LIFE

DIVERSITY AT CCSU

CCSU is a welcoming community. We recognize that diversity makes our university stronger and friendlier. And we know that students succeed best on a campus where all are respected and where we all seek to understand and appreciate our differences. Our graduation rates are higher than ever, and the Education Trust ranks CCSU 17th in the nation among public institutions in closing the academic achievement gap for African American students, and 23rd in the nation for improvement in African American student graduation rates.

CCSU hosts a variety of student groups and clubs for students to learn more about their own rich heritage and to help inform the rest of the community, including

• Black Students Union
• Latin American Students Organization
• P.R.I.D.E. (our LGBT organization)
• South Asian Student Association
• Polish Club

For a complete list of student organizations check out www.ccsu.edu/clubs

CCSU also offers cultural centers that provide educational opportunities, promote culture, and broaden understanding, including

• Center for Africana Studies
• East Asian Center
• Latin American, Latino, & Caribbean Center
• LGBT Center

For more information about these and other academic/cultural centers, please see: www.ccsu.edu/centers

TIME TO TRY SOMETHING NEW!

Your first year in college is a great time to explore —

If you're into the arts, you'll find lots of fascinating things to do—attend exhibits of paintings, sculpture, and photography; enjoy concerts from hip-hop to choral (and perhaps join or start a group); see, or participate in, dance productions and live theatre; watch the best films, or learn from distinguished visiting speakers: www.ccsu.edu/arts

Do you want to develop leadership skills, meet new people, widen your horizons? Check out our 100+ student clubs and organizations: www.ccsu.edu/clubs

Have a great time on our intramural and club sports teams. CCSU's Intramural Sports include Softball, Volleyball, Flag Football, Basketball, Floor Hockey. Our Club Sports include: Baseball, Dance, Equestrian, Ice Hockey, Karate, Lacrosse, Boxing, Rugby, Skiing, Soccer, and more. Check out www.ccsu.edu/ReCentral

“Once I came to Central I met a few people who opened my eyes to what being Latino could be. And then I joined COLADA” [Central’s Organization for Latin American Dance Awareness].
Kory Mills, Class of 2014, president, COLADA; treasurer, Latin American Student Organization [LASO]

“CCSU is a beautiful campus. The people are warm and receptive. I met a lot of people who took an interest in me. I came to CCSU at the beginning of my adulthood: it’s really shaped me as a person.”
Elvis Chidozie, Class of 2014, Computer Engineering Technology

“Some people say there’s nothing going on at Central. That’s not true! You just have to get out there and look!”
Liz Braun, Class of 2013

For more information: www.ccsu.edu/StudentAffairs
Residence-hall living puts you in the middle of all the great things that happen at CCSU. You’ll make friends, have a place to study or relax, and make your own home away from home. Over half of first-year students live on campus.

Most rooms in our nine residence halls accommodate two students. But be sure to apply early! Space is limited and applications are considered on a first-come, first-served basis.

**James Hall** offers suite-style living (co-ed and single-sex). There are six to eight students per suite. Each suite has a common living area and bath.

**Carroll Hall** is a three-story residence with men on the first and second floors and women on the third floor.

**Barrows Hall** is a six-story, all-women’s residence.

**Gallaudet Hall**, has three floors for men, two for women, and one for both men and women.

**Vance Hall**, recently renovated, offers quad style living and is our second-largest residence hall and a great choice for first-year students.

**Sheridan Hall** offers co-ed living in a five-floor setting.

**Beecher Hall** offers co-ed living, with one floor for women and two for men; with complete fitness center.

**Sam May Hall** offers co-ed living, with two floors for men and one for women; with complete fitness center.

**Seth North Hall** a three-story corridor style residence hall, home to 110 first-year students.

**Theme Housing.** We offer two types of theme housing: Year One Living Opportunity, in Seth North, which is home to first-year students only; and Living-Learning Communities, which are small groups of students who share at least one FYE course and one other course. For more information: www.ccsu.edu/theme

Each building has a live-in residence hall director and resident assistants on every floor. Alcoholic beverages are prohibited. All residence halls are smoke-free. Doors are locked each night at set hours, and the campus police regularly patrol residential areas. Safe, secure living for everyone is one of CCSU’s top priorities.
Big-Time Excitement!
Our 18 NCAA Division I programs are a major source of campus pride and excitement.

Champions
Blue Devil football, men's basketball, women's and men's soccer, men's cross country, and our women's swimming and diving teams have been frequent Northeast Conference Champions, with a slew of tournament trophies, too! All Blue Devil teams are highly competitive and bring it in every game they play. And Central fans are some of the best fans in the state: they bleed Blue Devil blue and you will too! Oh, did we mention that home games are free for students?

For more information: www.ccsu.edu/bluedevils

Eric Blake '03, Head Track & Cross Country Coach, 3-time winner Mt. Washington Road Race
We welcome applications from students with a broad range of abilities, interests, and backgrounds. We value academic scholarship, community involvement, and extracurricular activities. The preferred deadlines for first-year students: May 1 (for fall) and December 1 (for spring); for transfer students: June 1 (fall) and December 1 (spring); for international students: April 1 (fall) and November 1 (spring). The University reserves the right to discontinue the processing of applications once our class accommodations have been met.

FIRST-YEAR STUDENT ADMISSION

To be considered for admission, first-year applicants must submit the following:

- Completed application (apply online at www.ccsu.edu/apply)
- Non-refundable $50.00 application fee. Fee waivers are also acceptable. See your school guidance counselor for information.
- Official high school transcript
- High school class rank (if applicable)
- SAT I or ACT scores (scores may be sent either by the high school or The College Board)
- One letter of recommendation
- Personal statement

Applicants must be graduates of accredited high or preparatory school or hold an equivalency diploma.

TRANSFER STUDENT ADMISSION

Students transferring from two- and four-year institutions are admitted upon consideration of their previous cumulative collegiate performance. A minimum cumulative grade point average of 2.0 with 12 or more transferable credits is required. We particularly encourage applications from associate degree graduates of the Connecticut State Colleges & Universities (ConnSCU). For more information and to apply, please see: www.ccsu.edu/transfer

INTERNATIONAL STUDENT ADMISSION

International students are warmly welcomed. The Center for International Education provides a variety of services including orientation to campus and community, personal and course-cultural counseling, and activities that will help international students make friends and have fun while learning about other cultures. For more information and to apply, please see: www.ccsu.edu/cie

The best way to find out how much CCSU has to offer is with a campus visit. We’ll show you around. Our student tour guides take you through classroom buildings, a fitness facility, dining services, the Student Technology Center, the library, and the Student Center. Tour guides can answer many of your questions about student life.

Campus visits are arranged in the fall, September through early December, and in the spring, February through early May, and also in summer months June through August. Call the Admission Tour Office at (860) 832-2289 or reserve a tour at www.ccsu.edu/admissions/tours.
